# Kanecaron<sup>®</sup>

REAL LOOK. REAL FEEL. FAUX FUR.

## BASIC FIBRE TYPES SUMMARY

Type	Luster	Cross Section	Notes
AH	Semi-dull	Dog bone	Highly popular with natural feel and 'cashmere' touch.
RCL	Dull	Ribbon	Luxuriously soft to the touch, yet full of life and movement.
ELP	Bright	Elliptical	Full bodied 'mink feel' with excellent resilience.
RLM	Dull	Ribbon	Solution dyed fibre with good colour consistency. Soft finish achievable due to ease of polishing.
RFM	Bright	Ribbon	Solution dyed fibre with good colour consistency and lustrous sheen found in natural mink fur. Soft finish achievable due to ease of polishing.
AHP	Semi-dull	Dog bone	Ecreu shrinkable type (approx 30%). Imitates natural down hair.
AHD	Semi-dull	Dog bone	Solution dyed fibre with good colour consistency - shrinkable type (approx 30%). Imitates natural down hair.
MCS	Semi-dull	Dog bone	Unique ecru fibre dyeable at 70°C and subsequently shrinkable (approx 30%). Imitates natural down hair.
